

**PELICAN™**

**Prepare Yourself For Future Shock.**

## Introducing the new Pelican LED series.

LEDs have only been good for showing you what's wrong (like the oil light in that '85 Ford), not where you're going. Until now.

Pelican's new line of professional LED flashlights are so bright you'd swear they were high performance incandescents. And with burn time up to 15 times longer than filament bulbs, it's good night to Edison's bright idea.

Pelican Engineering Team – the gray matter behind the white light.

Combine that with Pelican's Lifetime Guarantee and you've got a hi-tech heirloom that'll light generations. Oh, and don't forget to look for the red mark and the faceted body. It's your true indication of an instrument that outperforms any LED flashlight on the market. And it means it's a genuine Pelican.

The science of lighting just moved to warp speed. Welcome to the future.

## Mini Flasher™

**CAT. NO. 2130C**

- Submersible to 500 feet
- 2 coin cell batteries included
- 130 hours of battery life
- LED marker light that pulses at a frequency of 2 flashes per second

## VB3 LED

**CAT. NO. 2220**

- Water resistant
- 2 CR2032 3V Lithium batteries included
- Over 100 hours of battery life
- Head pivots to a full 180 degrees

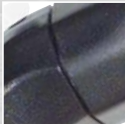

Convenient clip fits on hats or shirt pockets.

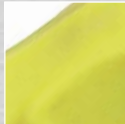

## MityLite™ 3N LED

**CAT. NO. 1990**

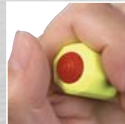

- 3 N-cell alkaline batteries included
- 100 hours of battery life
- Made of unbreakable Xenoy®
- Tail button switch

Black

Yellow

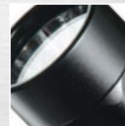

Tail Button Switch

## M6 LED

**CAT. NO. 2330**

- Water resistant
- Lithium cells included
- 40 hours of battery life
- CNC machined aluminum body
- Tail switch
- Safety lockout switch
- Cordura® holster

Black

Silver

Tail Button Switch

## L1 LED Light

**CAT. NO. 1930**

- Water resistant
- 4 LR44 1.5V alkaline coin cells included
- 130 hours of battery life
- Tail button switch
- Safety neck lanyard
- Pocket clip
- 2 night vision discs

Black

Yellow

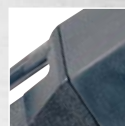

Tail Button Switch

## MityLite™ Plus 2AA LED

**CAT. NO. 2360**

- Water resistant
- 2AA batteries included
- 65 hours of battery life
- Made of unbreakable Xenoy® chemical resistant resin with polycarbonate lens
- Tail button switch

Black

Yellow

Tail Button Switch

SabreLite™ LED with Recoil LED Technology™

Conventional LED

It's like night and day. Even a 10-LED array can't compare to Pelican's single LED with Recoil.™

Un-retouched photograph at 1/60th of a second. Competitor's flashlight has 10 LEDs @ 100 mA each, while Pelican's SabreLite LED has 1 LED @ 1 watt.

# Pelican leads the way with New Recoil LED Technology™

Finally, an LED flashlight that's just as bright as a high performance incandescent, without the annoying dark spots and irregular beam pattern caused by standard filament lamps. That's Recoil LED Technology.™

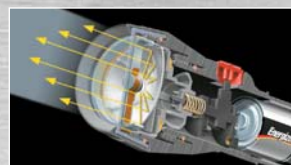

Square chip, square beam. Pure LED.

We use a 1-watt Luxeon LED and mount it to a beefy cast-aluminum bar.

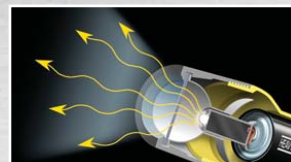

Here's the secret: by pointing the LED

backwards into the reflector, 100% of the light is captured and projected forward. The squared spot on the beam is your proof that all available light is being used and there's no peripheral projection. It's a true collimated beam that cuts through thick smoke, dust, and the darkest abyss.

Recoil LED Technology.™ Think of it as a lighthouse in the palm of your hand.

Recoil LED Technology™

Conventional LED

## SabreLite™ LED

CAT. NO. 2020

- Recoil LED Technology™
- Submersible to 500 feet
- 3 C batteries (not included)
- Made of ABS with polycarbonate lens and ABS shroud
- O-ring sealed with a twist-on shroud
- Polarity battery guard tray included

Black

Yellow

## M8 LED

CAT. NO. 8020

- Recoil LED Technology™
- Water resistant
- 3 C batteries (not included)
- Body made of Xenoy® with polycarbonate lens and ABS shroud
- Sure-grip vinyl sheath resists chemicals and extreme temperatures
- O-ring sealed with a twist-on shroud
- Polarity battery guard tray included

Black

Yellow

## HeadsUP Lite™ 2610

**CAT. NO. 2610**

- Water resistant
- 3 AAA alkaline batteries included
- ABS resin body
- Dual mode LED headlight - 1 LED (low power) or 3 LEDs (high power)
- Available with rubber strap and cloth strap

Rubber Strap

Cloth Strap

3 LEDs

## HeadsUP Lite™ 2620

**CAT. NO. 2620**

- Water resistant
- 3 AAA alkaline batteries included
- ABS resin body and shroud
- Combo headlight - LEDs or Xenon
- Multi-angle pivoting head
- Available with rubber strap and cloth strap

Rubber Strap

Cloth Strap

3 LEDs

## HeadsUP Lite™ 2640

**CAT. NO. 2640**

- Water resistant
- 4 AA alkaline batteries included
- ABS resin body
- Halogen headlight combo. Super bright halogen lamp and LEDs for 10,000 hours
- Pivoting head and focusable light beam
- Available with rubber strap and cloth strap

Rubber Strap

Cloth Strap

1 HALOGEN

## HeadsUP Lite™ 2660

**CAT. NO. 2660**

- Water resistant
- Halogen headlight combo
- Same features as the 2640 with an extended duty 4D Battery Pack included.
- Available with rubber strap and cloth strap

Rubber Strap

Cloth Strap

1 HALOGEN

### Pelican's Unconditional Lifetime Guarantee of Excellence

If for any reason you are not satisfied with the quality or performance of any PELICAN product, we will gladly replace the product or refund your money (at your option) within 30 days of purchase through the original retailer/dealer. PELICAN PRODUCTS will continue to guarantee the product directly for a lifetime against breakage or defects in workmanship. Lifetime guarantee does not cover the lamp, batteries or case contents. The o-rings must be kept greased (and replaced if damaged) per product instructions.

This guarantee is void only if the PELICAN product has been abused beyond normal and sensible wear and tear.

**THE ABOVE GUARANTEE DOES NOT COVER SHARKBITE, BEAR ATTACK OR CHILDREN UNDER 5.**
